## CCE Advisory Board

Communications & Computers Engineering (CCE) Program,  
Faculty of Engineering, Mansoura University

Mohamed Abd El-Azim, PhD  
Professor and Dean of the Faculty of Engineering , Mansoura University  
ABET Evaluator  
Email: [mazim@mans.edu.com](mailto:mazim@mans.edu.com)  
Phone: +20 100 720 6064

Salah Obayya, PhD,  
Professor and manager of Photonics Program , Zewailcity for science and technology  
Email: [Sobayya@zewailcity.edu.eg](mailto:Sobayya@zewailcity.edu.eg)  
Phone:+20 100 2196684

Ayman El-Baz, PhD .  
Professor and Chair of Bioengineering  
Coulter Fellow, University Scholar  
ABET Evaluator  
Speed School of Engineering  
University of Louisville  
Louisville, KY 40292  
Office: (502) 852-5092  
Fax: (502) 852-1577  
Email: [aselba01@louisville.edu](mailto:aselba01@louisville.edu)

Sayed Hemad, PhD  
Professor and Executive manager of CIE Program , Zewailcity for science and technology  
Email: [Ehemayed@zewailcity.edu.eg](mailto:Ehemayed@zewailcity.edu.eg)  
Phone: +20 106 462 2506

Tamer Ashour Ali  
Director of Continuous Improvement and Accreditation Unit  
Associate Professor in Communications and Information Engineering  
Zewail City of Science, Technology and Innovation  
Ahmed Zewail Road.  
October Gardens, 6th of October City, Giza, Egypt  
Post Code: 12578  
Phone: +201120001937  
Email: [tali@zewailcity.edu.eg](mailto:tali@zewailcity.edu.eg)  
Associate Professor in Engineering Physics  
Engineering Mathematics and Physics Department  
Cairo University, Faculty of Engineering, 12613 , Giza, Egypt.

Adel Bedeer, PhD

Dean of the School of Electronics, Communications and Computer Engineering, Egyptian-Japanese University of Science and Technology

Email: adel.bedair@ejust.edu.eg

Nihal Fayez, PhD

Professor and Executive manager of CCE Program , Faculty of Engineering, Mansoura University

Email: nahoolaf@mans.edu.eg

Mohamed Assal, Eng.

Phone: +201222527903

Hossam Gamal Twafeek Zewain,

Software Operations directors @ Roqay

Mobile development instructor @ITI

Hossam.zewain@gmail.com

hossam@roqay.com.kw

Atallah M. Ali, PHD

Assistant Prof, Faculty of Engineering, Mansoura University

Email: atallahtm@yahoo.com

Mohamed Fouad Abdele Wahab, MSC

Photonics Engineer | Data Scientist | Product Manager at Ostafandy Egypt

Phone +201111835628

Email: mabdelnabi@zewailcity.edu.eg, mfouad@ostafandy.com, mabde148@uottawa.ca

Muhammad El Bitar

Projects and business manager

Academic and practical experience in robotics teaching, robot building, and

Curriculum creation extended to 10 years.

Phone: +2 010 6 95 65 950

34th Elwehda st., Elhoreya st., 9 st., Hadayek Elmaadi, Cairo

## Tasks of the Committee

1. Evaluation of directions and proposals to support and develop the program
2. Reviewing the program's mission in the light of scientific and technological development and changing the requirements of the labor market and its reflection on the goals and objectives of the program
3. Reviewing study program plans, annual reports and improvement plans

4. Reviewing the extent to which the graduates' skills match the needs of the employment sectors in light of the updates, developments in the field of specialization, environmental and economic conditions, and societal needs.
5. Discussing scientific research policies and plans in line with international standards and developments in the field of specialization, and establishing research partnerships to support scientific research.
6. Evaluation of the academic and administrative activities of the program
7. Reviewing performance indicators and benchmarking, reviewing the characteristics of graduates and evaluation methods
8. Review the evaluation of the courses and the program and follow up the improvement plans
9. Discussing proposals for developing the professional and academic capabilities of faculty members in accordance with international standards
10. Assisting in the creation of cooperation agreements with the local industrial sector, employers and employees by involving students in voluntary work programs that provide work experiences and employment opportunities
11. To act as ambassadors for the program
12. Follow-up on the implemented action plans based on the recommendations of previous meetings, the extent of achievement, and providing the revised feedback
13. Make recommendations regarding taking any new measures in the proposed areas
14. Suggesting what the advisory committee thinks would contribute to the development of the program
