Dear Valued Professor,

Kindly find the attached files

In order to motivate the spirit of innovation and scientific research among the engineering students, the Military Technical College; one of the leading engineering institutes in Egypt; invites undergraduate students from engineering faculties/schools all over the world to demonstrate their skills, talent, and innovated ideas in engineering sciences. The IUGRC activities are intended to be forum that facilitate, and promote communication and cooperation among participants. Participating in this event will help you expand your knowledge, network, discuss challenges, and share ideas during technical sessions and networking breaks. The Conference program will include workshops, seminars and invited lectures covering the state-of-the-art achievements in the defense and aerospace fields.

On behalf of the Organizing Committee, we are pleased to invite you to take part in the Fifth International Under-Graduate Research Conference (IUGRC-5) in August 9 - August 12, 2021, Cairo, Egypt, for Research and Innovations of Engineering bachelor students.

Conference web site:

<https://iugrc.conferences.ekb.eg/>

Conference Tracks:

TRACK#1 (ME): Mechanical Engineering

TRACK#2 (EEE): Electrical & Electronics Engineering

TRACK#3 (CAE): Civil & Architecture Engineering

TRACK#4 (CEE): Chemistry & Environmental Engineering

A special award will be given to the best paper in each track

### IMPORTANT UPDATE - VIRTUAL CONFERENCE

The safety and well-being of all conference participants is our priority. Please know that our thoughts are with those affected by the COVID-19 outbreak.

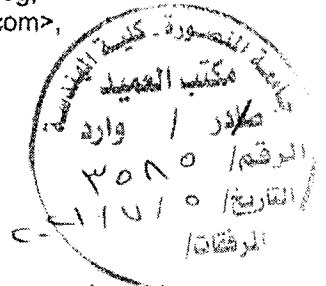

In response to conditions caused by COVID-19, The 5th International Undergraduate Research Conference (2021) IUGRC5 of Military Technical College, scheduled to be held in Cairo, Egypt, will now be held virtually. This offers a wider range of participation for authors, speakers, and exhibitors to present their research and products around the world.

The online platform will be a virtual environment (Cisco Webex) where the attendees can present their work and can participate in all sessions and activities.
