

# *Optic Nerve*

- A 35-year-old obese lady noted loss of vision in both eyes lasting seconds after bending over to pick up a box. She developed a headache 2 weeks earlier.

- On examination, visual acuity was 6/6 in both eyes. Her visual fields were constricted in both eyes.

- Fundus examination revealed; bilateral optic disc edema with dilated and tortuous retinal veins

# Diagnostic Features

A. Symptoms

B. Vision

C. Bilaterality

D. Field.
