

Curriculum Vitae

➤ Personal Data

- **Name:** Moheb Magdy Mouris Wadie
- **Date of Birth:** 1/10/1982
- **Address:** Mansoura, El-Dakhlya- EGYPT
- **Tel No.:** 01222990072 / 0502102425
- **E-mail:** muheb2001@hotmail.com
- **Marital status:** married
- **Military status:** canceled
- **Current Job:**
 - Lecturer of Cardiology, faculty of medicine, Mansoura University
 - Cardiology Consultant in Mansoura specialized medical hospital, Mansoura University
 - Cardiology Consultant in ElKheir specialized Hospital

➤ Qualification

- **University:** Mansoura University
- **Faculty:** faculty of medicine
- **Graduation Year:** 2005
- **Grade:** Excellent with honors
- 3 years Cardiology Resident & internship from 17/9/2007 to 16/9/2010
- **MSc Cardiology** 2010
- Assistant lecturer of Cardiology from 2/2011 till 3/2016

- **Professional Member of the ESC (European Society of Cardiology) and EAPCI (European Association of Cardiovascular Interventions) since 2012**
- **Fellowship of Washington Hospital Center, Medstar hospitals, Washington Dc, USA since 2/2013**
- **MRCP 2015**
- **Fellowship of SCAI (Society of Cardiac Angiography and Interventions) from 2015**
- **MD Cardiology 2016**
- **Lecturer of Cardiology from 3/2016 till now**

➤ **Experience and Achievements**

- 13 years experience in
 - Echocardiography, Stress Echo
 - ECG, Stress ECG, Holter monitoring
 - Coronary angiography both diagnostic and therapeutic
 - Primary PCI
 - Radial Interventions
 - Left main Interventions
 - IVUS guided coronary Interventions
 - Peripheral Interventions
 - Ballon Mitral Valvuoplasty
 - Pacemaker implantation
 - ICU & CCU management
- Has Advanced life support certificate valid for 3 years since April 2010

- Shared in many international cardiovascular meetings in the period from 2012 till now including CRT, TCT, ESC congresses, CTO club, Think Radial and many other Intervention workshops
- Has special experience in doing Coronary diagnostic and therapeutic procedures through radial approach with high volume of cases
- Since 2017 presented many abstracts and oral presentations and invited as a faculty in
 - CRT conference (Cardiovascular Research Technologies), Washington DC
 - 2017: Short term HRV as a predictor of obstructive CAD (abstract)
 - 2018: Opening an instant CTO, unexpected case scenario (lecture)
 - 2020:
 1. Appearances can be deceiving, IVUS guided RCA PCI (lecture)
 2. When a knot gets too tight, you can always cut the rope" radial access nightmare, two case scenario (lecture)
 - SCAI conference (Society of Cardiovascular Interventions)
 - 2017: A tale of 2 arteries, a story of massive no reflow (lecture)
 - 2019: A difficult IVUS guided bifurcational left main PCI (lecture)
 - TCT conference (Transcatheter Therapeutics)
 - 2017: Difficult CTO RCA (case presentation)
 - 2018: Changing DK Crush to Culotte to Save the Day (case presentation)
 - 2019: Take the risk or lose the chance, a very critical distal left main bifurcational PCI (case presentation)

- ESC congress (European society of cardiology)
 - 2018: Registry and Survey Information from Egypt- Problems and opportunities in improving care for Acute Coronary Syndrome (lecture)
 - 2019:
 1. Study of CHADS-vasc Score in ACS (abstract)
 2. Presentation, management, and outcomes of STEMI in Egypt: results from the European Society of Cardiology registry on ST elevation myocardial infarction (abstract)
- C3 complex intervention conference
 - 2018: Life is all about how u handle plan B (lecture)
 - 2019:
 1. “Coincidence is God’s way of remaining anonymous ”
A Life Saving Myocardial Infarction (Poster)
 2. “What is worth doing is worth doing well”
Critical role of IVUS in Complex procedures, A Case Scenario (Case presentation)
- Euro PCR 2018: Left main thrombus, 3 different scenarios (lecture)
- Gulf PCR:
 - 2017: Better 3 hours too soon than a minute too late”
2 life saving Primary PCI cases (lecture)
 - 2018: “Everything should be made as simple as possible but not simpler” , A difficult IVUS guided left main case (lecture)
 - 2019: “It always seems impossible until it’s done”
A difficult IVUS guided Bifurcational left main PCI (lecture)
- During Covid era he was the only egyptian cardiologist presenting in the digital version of the prestigious Euro PCR 2020 E-Course,
<https://www.pconline.com/Physicians/Moheb-Wadie>
- Has cases in the general cardiology clinical cases e-learning platform of the ESC (European Society of Cardiology)

- Director of the STEMI registry program (EORP project) in Mansoura and created the first Egyptian ACS full registry to be applied in Mansoura university hospitals from 1/1/2018
- Publications:
 - Study of CHADS-Vasc score in ACS, Journal of internal and emergency medicine
 - Short term HRV as a predictor of obstructive CAD, Egyptian Heart Journal
 - Estimated Glomerular Filtration Rate as One of the Main Predictors of In-Hospital Mortality in Egyptian Patients with ST Elevation Myocardial Infarction, Two Years Retrospective Study, Egyptian Heart Journal
 - Risk factors profile in Egyptian patients with Acute Coronary Syndrome: A Multi-Centre Observational study: Phase II of the Egyptian Cardiovascular-Risk Factors Project, Cardiovascular journal of Africa,
http://cvja.co.za/onlinejournal/vol30/vol30_issue2/files/assets/basic-html/page-21.html#
 - Premature coronary artery disease among Egyptian patients with acute coronary syndrome; data from the cross-sectional cardio-risk project, European Heart Journal,
https://academic.oup.com/eurheartj/article/40/Supplement_1/ehz746.0440/5597359
 - Gender-related Differences in Risk factors and Treatment Strategies in Patients with Acute Coronary Syndrome across Egypt: part of the Cardio- Risk Project, Cardiovascular journal of Africa
 - Prevalence of atherosclerosis risk factors in Egyptian patients with acute coronary syndromes; final data of the nationwide cross-sectional CardioRisk project,

https://academic.oup.com/eurheartj/article/42/Supplement_1/ehab724.2396/6392919

<https://pubmed.ncbi.nlm.nih.gov/33623654/>

- Estimated Prevalence of Familial Hypercholesterolemia Among Egyptian Patients with Acute Coronary Syndromes; Analysis from The Cardiorisk Project,

https://academic.oup.com/eurheartjsupp/article/23/Supplement_D/suab069.006/6383545

- Presentation, management, and outcomes of STEMI in Egypt: results from the European Society of Cardiology Registry on ST elevation myocardial infarction,
