- ORCID ID: 0000-0001-5294-7480
- publons Research ID: AAC-8677-2019
- ResearchGate: Nairmen Nabih

- **Patents and publications**

- "Validation of dried blood spots in monitoring toxoplasmosis. Pathogens and Global Health. May 2020.

- "Anti-Toxoplasma antibodies in Egyptian rheumatoid arthritis patients". Rheumatology International. March 2017.
- "Insulin Growth Factor Inhibitor as a Potential New Anti-Schistosoma Drug: An in Vivo Experimental Study Biomedicine & Pharmacotherapy 95C (2017) pp. 1346-1358.
- "Possible antifibrotic effect of GDC-0449 (Vismodegib), a hedgehog-pathway inhibitor, in mice model of Schistosoma –induced liver fibrosis. Parasitology International. 2017.
- "Tuberculosis/toxoplasmosis co-infection in Egyptian patients: A reciprocal impact". Asian Pacific Journal of Tropical Medicine. March 2017.
- “Evaluation of the efficacy of oral ivermectin in comparison with ivermectin–metronidazole combined therapy in the treatment of ocular and skin lesions of Demodex folliculorum”. International Journal of Infectious Diseases, 17 (2013) e343–e347.
- "Snail populations in Dakahlia Governorate, Egypt, with special reference to lymnaeids". Egyptian Journal of Biology, 2012, Vol. 14, pp 45-49.
- "Incidence and risk factors for Cryptosporidium infection among haemodialysis patients: relation to serum IPTH levels". Mansoura Medical Journal, Vol.42, No. 1&2Jan. &April, 2013.
- "Clinico-laboratory study on filarial lymphoedema". Ann Trop Med Public Health / 2012; 5:199-205.
- "Parasitic infections and myositis" Parasitology Research, 2012, 110(1): 1-18.
- "Helminth infections: Therapeutic potential in autoimmune disorders". Parasite Immunology, 2011, 33: 589–593
 - "Impact of Basic Lymphedema Management and Antifilarial Treatment on Acute Dermatolymphangioadenitis Episodes and Filarial Antigenaemia". Journal of Global Infectious Diseases / Jul-Sep 2011 / Vol-3 / Issue-3.
- "Parasitological and immunological study in zinc deficient children" Benha Medical Journal / Jan 2005/ Vol-22(1).

5- Thesis supervision (MSC, PhD)

MSC

- 1- Association between parasitic infection and autoimmunity. By Manal Heder, 2011.
- 2- Role of parasitic infections in myositis. By Samar Habib, 2011.

- 3- Laboratory techniques for diagnosis of human parasitic infections: Update. By Ayat Abdelaziz, 2012.
- 4- Validation of the dried blood spots in monitoring toxoplasmosis. By Mona Kamel, 2015.
- 5- Toxoplasma gondii infection in children with brain tumors. By Amany Saad.

PhD

- 1- Molecular characterization of Cryptosporidium and clinical manifestations in children. By Suzan Elgendy, 2018.
- 2- Experimental studies of anti-arthritis effect of parasitic diseases in mice. By Eman Mohamed Gaballah.

6- Attended workshops (other than FLDP)

- Applications of Scanning & Transmission Electron Microscopy and Zeta Analyzer course at Electron Microscopy Unit, Mansoura University: 14 – 16 / 4/ 2015.
- Health Researches course, Faculty of Applied Medical Sciences, Umm Al-Qura University, Kingdom of Saudi Arabia: 14/11/2012 – 12/12/2012.
- QMS Internal Audit course According to ISO 9001/2008, IW A2 and ISO 19011/2002- Mansoura University, Faculty of Medicine, Egypt: 27/7/2010- 29/7/2010.
- WEB Publishing Using FRONT PAGE course at Central Unit of IT Training (CUIT), Information & Communication Technology Project, Mansoura University: 26/4/2010 – 8/5/2010.

7- Other activities:

Teaching experience: (courses developed and/or taught)

- Medical Parasitology for Medical students.
- Histopathology of parasitic diseases for Medical Parasitology PhD students.
