

Personal data :

Name : Fatma El Hussein Moustafa
Position : Professor of Pathology
Faculty : Faculty of Medicine , Mansoura university
Date of Birth : 23. 1. 1953.
Place of Birth : mansoura
Nationality : Egyptian
Marital status : Married
E-mail : fatmaelhusseiny@yahoo.com

CERTIFICATES:

- M.B., B.Ch 1975
- ECFMC, (294-876-8) London 1978
- TOEFL (3 729139) 1980
- M.Sc (Pathology) 1983
- Ph.D (Pathology) 1987

Scopus h-index: 17 Total citations **788** (3/2020)

EXPERIENCE:

- (1976- 1977) Rotating internship, Mansoura University Hospitals (12 months) .
- (1977-1979)Clinical demonstrator department of pathology, Mansoura Faculty of Medicine
- (1977- 1981)Visitor resident in the department of pathology, Sherbrooke University , Quebec Canada (12 month).
- (1981-1983) Clinical demonstrator department of pathology , Mansoura Faculty of Medicine.
- (1983-1987) Assistant Lecturer of Pathology , Mansoura Faculty of Medicine.In charge of Nephropathology & Transplantation Pathology in the Urology Nephrology Center , University of Mansoura , Egypt .
- (1987-1992)Lecturer of Pathology, Mansoura Faculty of Medicine .In charge of Nephropathology & Transplantation Pathology in the Urology and Nephrology Center , University of Mansoura ,Egypt .
- • (1992-1997) Assistant Professor of Pathology, Mansoura Faculty of Medicine In charge of Nephropathology & Transplantation Pathology in the Urology and Nephrology Center , University of Mansoura ,Egypt .
- (1998 till now)Professor of Pathology, Mansoura Faculty of Medicine

- (2010) founder and director of pathology lab of the research center in Mansoura faculty
- (2012 -2014) Director of pathology lab in Mansoura oncology hospital.

- (1998 till now) Director of pathology lab and consultant of Nephropathology service in the Mansoura University Children Hospital
- (2009-2010) Director of pathology lab in Mansoura oncology hospital.
- (2009 -2015) Referee for the permanent committee of the staff pathology staff promotion
- (2011 -2016) Director of High Education Ministry Project of accreditation of pathology labs of Mansoura faculty of Medicine & pathology lab of Oncology center

Honors and Prizes :

- Winner of the National Encouragement Prize for Medical Sciences, National Egyptian Academy of Research and Technology, 1989.
- Winner of Dr. Mohammad Fakhry prize for the most distinguished research . Awarded by the National Egyptian Academy of Research and Technology, 1992.
- Winner of Mansoura Medical Prize For Kidney Diseases awarded by the National Egyptian Academy of Research and Technology , 2001

Presentations (International Meetings) :

1- XXII EDTA-ERA Congress, Brussel , Belgium , 1985.

Cyclosporine A in treatment of steroid resistant rejection episodes in living related donor kidney transplants

2- The 1 st international Congress of the Middle East Dialysis and Organ Transplantation Foundation. Estamoul , Turkey , 1985.

- Elective conversion from cyclosporine to azathioprine in living related donor kidney transplants.
- Cyclosporine in treatment of steroid resistant rejection episodes in living related donor kidney transplant.

3- The XXIII ERA Congress , Budapest , Hungary , 1986.

- Schistosomal specific nephropathy leading to end stage renal failure.
- Value of renal biopsy in chronic renal failure.

4- The fifth International Capri Congress on Uremia, Napoly , Italy , 1986.

- Schistosomal specific nephropathy leading to end stage renal failure.
- Value of renal biopsy in chronic renal failure.

5- The African Kidney and Electrolyte Conference Cairo , 1987.

- Fine needle aspiration biopsy , A reproducibility study and a correlation with the True-cut biopsy in evaluation of renal allotransplants.
- Peripheral blood morphology, could it be of value in diagnosing renal allograft rejection ?
- Schistosomal specific nephropathy leading to end stage renal failure.

- 6- The Xth International Congress of nephrology 1987, London , England .
 - Characterization of kidney lesions in early schistosomal specific nephropathy - Effect of anti- Schistosomal treatment on Schistosomal specific nephropathy.
- 7- The XXIV ERA Congress, Berlin (West), 1987.
 - Characterization of kidney lesions in early Schistosomal specific nephropathy.
 - Effect of anti-Schistosomal treatment on Schistosomal specific nephropathy.
- 8- The XXth International Course on Transplantation and Clinical Immunology, Lyon , France ,1988
 - A prospective randomized study of the protective effect of verapamil on the ischaemic renal injury in renal allotransplants.
- 9- The 2 nd international Sorrento Meeting on Current Therapy in Nephrology, Sorrento , Italy , 1988.
 - Kaposi sarcoma after kidney transplantation , An etiologic study and a successful treatment.
 - A prospective randomized study of the protective effect of verapamil on the ischemic renal injury in renal allotransplants.
 - Prospective randomized therapeutic trial for Schistosomal specific nephropathy.
- 10- The XXV EDTA (ERA) Meeting in Madrid , Spain , 1988.
 - Kaposi Sarcoma after kidney transplantation, An etiologic study and a successful treatment.
- 11- The X Congress of the International Society of Organ Transplantation, Sydney , Australia , 1988.
 - A prospective randomized study of the protective effect of verapamil on the ischaemic renal injury in renal allotransplant.
- 12- The XXVI ERA Meeting-Goteborg , Sweden , 1989.
 - Schistosoma hematobium induced glomerular disease, experimental study in hamster
 - A prospective randomized of ciclosporine versus azathioprine in living related dono kidney transplantation .
- 13- The XXVII EDTA, ERA Congress, Viena, 1990.
 - Schistosoma Mansoni nephropathy in Syrian Golden Hamster, effect of load and duration of schistosomal infection.
 - Study of asymptomatic microscopic hematuria in potential living related kidney donors.
- 14- The 2 nd Congress of the Arab Society of Nephrology and Renal Transplantation, Cairo , 1991.
 - Effect of parasite eradication on schistosoma mansoni nephropathy in Golden Hamsters.
 - A prospective randomized study of ciclosporine versus azathioprine in living related donor kidney transplantation: Long term results.
 - Report of 450 kidney transplantation performed at Mansoura Urology and Nephrology Center .
 - Impact of the presence of vasculitis as a finding in graft biopsy on the outcome of renal allograft.
- 15- 5 th south East Asian Pacific Congress of Nephrology, New-Delhi , India ,1992.

- Effect of colchicin on schistosoma hematobium induced amyloidosis in the Syrian golden hamster.
 - Effect of early parasite eradication on schistosoma mansoni induced glomerulopathy in the Syrian golden hamsters .
- 16 - 3 rd Congress of Arab Society of Nephrology, Riyadh , Saudi Arabia , 1993
 - Impact of amyloidosis on live donor kidney transplantation.
 - Effect of colchicin on schistosoma induced renal amyloidosis. Experimental study in Syrian golden hamsters.
- 17- The second International Congress of Geographical Nephrology, The Third Congress of the African Association of Nephrology, and the Thirteenth Congress of The Egyptian Society of Nephrology, Hurghada, Egypt, 1993.
 - Study of risk factors in kidney transplant biopsies.
 - Post renal transplant malignancy.
 - Impact of TB on kidney transplantation.
- 18- IV African Congress of the Nephrology and IV Arab Congress of Nephrology and renal Transplantation . Tunisie, Tunis, April, 1995.
 - Study of malignancies among cyclosporin treated Egyptian kidney transplant recipients.
 - Lupus nephritis: Clinicopathologic correlations and prognostic indicators.
 - Study of the effect of colchicin on schistosoma induced renal amyloidosis in Syrian golden hamsters.
- 19- 32 nd EDTA –ERA Congress, Athens , Greece , June, 1995.
 • Clinicopathologic evaluation of 1000 kidney biopsies from Egyptian patients with glomerulonephritis.
- 20- 33 rd EDTA-ERA Congress , Amesterdam, Holand, June 1996.
 • Effect of colchicin on chronic cyclosporin nephrotoxicity in Sprague Dawly rats.
 • Treatment of schistosomal specific nephropathy on syrian golden hamsters by induction of antigen excess.
- 21- The XXXVI Congress of the European Renal Association, European Dialysis and Transplant Association, Madrid , Spain , September 5-8,1999.
 - Impact of Schistosomiasis on patient and graft outcome after renal transplantation :10 Years follow up.
 - Study of clinical and histopathological risk factors in cases with crescentic glomerulonephritis.

Thesis Supervision :

A- Master Degrees

- Effect of Schistosomiasis on patient and graft outcome after kidney transplantation. M.Sc. Thesis in Internal Medicine, Faculty of Medicine . Mansoura University . By Amgad El-Agroudy, 1990.
- 2- The use of PAS stain of lymphocytes in Fine needle aspirates of transplanted kidney as histochemical marker of renal allograft rejection . MSC. Thesis in Zoology , Faculty of Science, Mansoura University . By Ayman El-Maghawry , 1990.
- 3- Schistosomal Nephropathy , Experimental Study in Hamsters. M.S.C Thesis in Zoology , Faculty of Science , Zagazig University By Sahar Hamed, 1991
- 4- Kidney transplantation in Hereditary Nephritis. M.S.C. Thesis in Internal Medicine . Mansoura Faculty of Medicine By Ihab Afify. 1993.
- 5- Kidney transplantation in Amyloidosis. M.Sc. Thesis in Internal . Mansoura Faculty of Medicine. By Ayman Refaie. 1993.
- 6- Evaluation of Risk factors in Kidney transplant biopsies. M.SC. Thesis in Internal Medicine. Mansoura Faculty of Medicine. By Ayman Fakhry. 1993.
- 7- Clinicopathological Study of primary Glomerulopathy among Egyptians. M.SC. Thesis in Internal Medicine . Mansoura Faculty of Medicine. By Osama Ghith, 1995.
- 8• Study of evolution of minimal change nephritis among Egyptians. M.SC. Thesis in Internal Medicine, Mansoura Faculty of Medicine.

By Ahmad Donia . 1996.

- 9• Clinical and Histopathological risk factors in patients with crescentic glomerulonephritis.
M.S.C. Thesis in Internal Medicine. Mansoura Faculty of Medicine.
By Amr Ahmad El- Husseinii.. 1997.
10. Pathology of bone dieases
M.S.C. Thesis in Pathology. Mansoura Faculty of Medicine
by Ali Abd El- Wahab El attar, 2000
- 11• Histopathological study of non-Hodgkin's lymphoma in Mansoura University inrevisse to morphologic criteria of European American classification.
M.S.C. Thesis in Pathology. Mansoura Faculty of Medicine.
By Osama Abddel Aziz Mohamad Sharaf El- Deen, 1999.
- 12• Pattern of glomerular diseases in Nephrology unit, Mansoura university children hospital.
M.S.C. Thesis in Pediatrics. Mansoura Faculty of Medicine.
By Mohammad Hamed Gebreel.2001.
- 13• Value of renal biopsy in diagnosis of acute renal failure
M.S.C. Thesis in Pathology. Mansoura Faculty f Medicine
By Nahed Ahmad Solaiman. 2005
- 14- Histopathological features of salivary gland tumours in surgical specimens. M.S.C. Thesis
in Pathology. Mansoura Faculty of Medicine
By Amal.Mohammad El- Sherbini. 2005
- 15- Pathology of Nephrotic syndrome in the first year of life
M.S.C. Thesis in Pathology. Mansoura Faculty of Medicine
By Nermine Megahed, 2007
- 16- Role of stemcells in regeneration of renal injury
M.S.C. Thesis in Pathology. Mansoura Faculty of Medicine
By Mayada , 2011

MD Thesis

1. • Mechanism of renal scarring and failure.
M.D. Thesis in General Medicine.Mansoura Faculty of Medicine
By Nagy Abdel Hady, 1993.
2. • Glomerulopathy in patients with isolated Schistosoma Hematobium infection.
M.D. Thesis in Internal Medicine Asuit University .
By Ashraf El Shazli 1998.
3. • Stydy of impact of HCV infection on kidney transplant recipients.
M.D. Thesis in Internal Medicine .Mansoura Faculty of Medicine.
By Ehab Afify 1998.

4. • Study of post transplant proteinuria in kidney transplant recipients.
M.D. Thesis in Internal Medicine . Mansoura Faculty of Medicine.
By Ayman Refaie. 1998.
5. • Role of Metastasis suppressor Gene (nm23-H1) and tissue expression of carcinoembryonic antigen in colorectal carcinomas. M.D. Thesis in General Surgery . Mansoura Faculty of Medicine. By Sabry Ahmad Ahmad Mahmoud . 2000
6. • Histopathological study of renal tissue in children with different parenchymal renal diseases.
M.D. Thesis in Pediatrics Mansoura Faculty of Medicine
By Mohamad Ragab Yousef . ٢٠٠١
7. Evaluation of detached podocytes in urine cytology and renal biopsies and correlation with disease activity. M.D. Thesis in Pathology. Mansoura Faculty of Medicine By Nahed Solaiman 2009
8. Renal changes in diabetic mice M.D. Thesis in pharmacology. Mansoura Faculty of Medicine
By Rehab Ashour 2010
9. Study of mesenchymal stem cells versus nilotinib in management of carbon tetrachloride induced hepatic fibrosis in animal model M.D. Thesis in internal medicine Mansoura Faculty of Medicine. By Doaa Helmy Mahfouz Bakr. 2011
10. Acute tubular necrosis M.D. Thesis in Pathology. Mansoura Faculty of Medicine
By Dina abd Allah El- Nady , 2015
11. Evaluation of the possible antifibrotic effect of aliskiren, valsartan, chloroquine, zafirlukast and colchicine on liver fibrosis induced by carbon tetrachloride in rats
M.D. Thesis in pharmacology . Mansoura Faculty of Medicine By Nabil Al deeb 2015
12. Evaluation of different time courses of bleomycin to induced interstitial pulmonary fibrosis in C57BL6 mice.
M.D. Thesis in chest diseases . Mansoura Faculty of Medicine By Heba E Esa
- 13.

Achievements

I- Workshops

Intensive course of nephropathology Every year since 2002 till 2020.

II- Foundations:
