Lectures

Section (I) Lectures :

A – Obstetrics: (90 hr)

| Item | | | Lecturer name | Lecturer title | Lecturer sign |
|--|---|---|---------------|----------------|---------------|
| • Fertilization, Implantation and Early Development | 2 | | | | |
| • Placenta and placental function | | | | | |
| • Amniotic Fluid | 1 | | | | |
| • Fetal Circulation | | | | | |
| • Maternal Physiological Changes During Pregnancy | 2 | | | | |
| • Diagnosis of Pregnancy | | 1 | | | |
| • Vomiting During Pregnancy | 2 | | | | |
| • Fetopelvic Relationships | 2 | 1 | | | |
| • Normal and Abnormal Uterine Action | | 1 | | | |
| • Contracted Pelvis and Cephalopelvic Disproportion | 2 | 1 | | | |
| • Trial Labor | 1 | | | | |
| • Occipitoposterior position | 1 | 1 | | | |
| • Face Presentation Brow Presentation | 1 | | | | |
| • Breech Presentation | 1 | 1 | | | |
| • Shoulder Presentation | 1 | 1 | | | |
| • Complex Presentation | 1 | | | | |
| • Cord Presentation | 1 | | | | |
| • Episiotomy | | 1 | | | |
| • Multiple Pregnancy | 1 | 1 | | | |

| Item | | | Lecturer name | Lecturer title | Lecturer sign |
|--|---|---|---------------|----------------|---------------|
| • Obstetric Analgesia and Anesthesia | 1 | | | | |
| • Urinary Tract Disorders with Pregnancy | | | | | |
| • Prematurity and Preterm Labor | 1 | 1 | | | |
| • Post Maturity | 1 | 1 | | | |
| • IUGR | | 1 | | | |
| • Intrauterine Fetal Death | 1 | 1 | | | |
| • Polyhydramnios and Oligohydramnios | 2 | 1 | | | |
| • Macrosomia & Shoulder Dystocia | 1 | 1 | | | |
| • Rh Isoimmunisation | 1 | 1 | | | |
| • High risk pregnancy | 1 | 1 | | | |
| • Antepartum Assessment of Fetal Well-being | | 1 | | | |
| • Teratology | 1 | | | | |
| • Common Fetal Anomalies | | | | | |
| • Soft Tissue Obstruction | 1 | | | | |
| • Obstructed Labor | 1 | 1 | | | |
| • Uterine Rupture | 1 | | | | |
| • Genital Tract Injuries During Labor | | | | | |
| • Abnormal Third Stage | 1 | | | | |
| • Postpartum Hemorrhage | 1 | 1 | | | |
| • Fetal Birth Injuries • Fetal Asphyxia | 1 | | | | |
| • Puerperium and Postnatal Care • Puerperal Pyrexia | 1 | | | | |

| Item | | | Lecturer name | Lecturer title | Lecturer sign |
|--|---|---|---------------|----------------|---------------|
| • Induction of Labor and Abortion • Ecbolics | 1 | 1 | | | |
| • Maternal and Perinatal Mortality | 1 | | | | |
| • Antenatal Care | 1 | 1 | | | |
| • Female Pelvis and Fetal Skull | 1 | | | | |
| • Normal labor | 1 | 1 | | | |
| • Abortion | 3 | 1 | | | |
| • Ectopic Pregnancy | | 1 | | | |
| • Vesicular Mole | | 1 | | | |
| • Placenta previa | 1 | 1 | | | |
| • Accidental Hemorrhage | 1 | 1 | | | |
| • Hypertensive Disorders in Pregnancy | 1 | 1 | | | |
| • Diabetes in pregnancy | 1 | 1 | | | |
| • Cardiovascular Disease | 1 | 1 | | | |
| • Anemias during pregnancy | 1 | 1 | | | |
| • Premature Rupture of Membranes | 1 | 1 | | | |
| • Instrumental Deliveries in Modern Obstetric Practice | 1 | 1 | | | |
| • Cesarean Section | 1 | 1 | | | |
| • Version in modern obstetrics | 1 | 1 | | | |
| • Ultrasound in Obstetrics | | | | | |
| • Cesarean Section | 3 | | | | |
| • Version in modern obstetrics | 3 | | | | |
| • Ultrasound in Obstetrics | | | | | |

B – Gynecology : (90 hours)

| Items | | | | |
|--|---|---|--|--|
| • Anatomy of the Female Genital Tract | 1 | | | |
| • Embryology of The Female Genital Tract | 1 | | | |
| • Gynecological Endocrinology | 1 | | | |
| • Physiology of the Menstrual Cycle | 1 | | | |
| • Puberty | 2 | 1 | | |
| • Menopause | 2 | 1 | | |
| • Dysmenorrhea | 2 | | | |
| • Premenstrual Syndrome (PMS) | 1 | | | |
| • Pelvic Pain | 1 | | | |
| • Amenorrhea | 2 | 1 | | |
| • Sexuality and Sexual Dysfunctions | 2 | | | |
| • Virilization in Females & Hirsutism | 2 | 1 | | |
| • Sexually Transmitted Diseases (STDs) | 2 | | | |
| • Pelvic Inflammatory Disease (PID) | 2 | 1 | | |
| • Infections of the female genital tract | 2 | 1 | | |
| • Female genital tuberculosis | 1 | | | |
| • Bilharziasis of the female genital tract | | | | |
| • Chronic inversion of the uterus | 2 | | | |
| • Retroversion and Retroflexion (RVF) | | | | |
| • Genito-urinary fistulae | 2 | 1 | | |
| • Old Complete perineal tear | 1 | | | |
| • Recto-vaginal fistula | 2 | 1 | | |
| • Endometriosis | 3 | 1 | | |

| | | | | | |
|---|---|---|--|--|--|
| • Adenomyosis | | 1 | | | |
| • Introduction to gynecological oncology. | 1 | | | | |
| • Preinvasive diseases of the lower female Genital Tract. | 2 | 1 | | | |
| • Physics & Biology of Radiotherapy | 1 | | | | |
| • Breast Evaluation for the Gynecologist | 1 | 1 | | | |
| • Abnormal Bleeding from the Genital Tract | 2 | 1 | | | |
| • Dysfunctional Uterine Bleeding (DUB) | 2 | 1 | | | |
| • Leukorrhea • Pruritus Vulvae | 1 | | | | |
| • Urogenital Prolapse | 2 | 1 | | | |
| • Female Urinary Incontinence | 2 | | | | |
| • Uterine Fibroid | 2 | 1 | | | |
| • Cysts and Swellings Related to Vulva | 1 | 1 | | | |
| • Chronic Vulval Dystrophies (Dermatoses) | 1 | 1 | | | |
| • Carcinoma of the Vulva | 2 | 1 | | | |
| • Invasive Vaginal Cancer | 2 | 1 | | | |
| • Carcinoma of the Cervix | 2 | 1 | | | |
| • Endometrial Hyperplasia | 1 | 1 | | | |
| • Carcinoma of the Body of the Uterus | 2 | 1 | | | |
| • Ovarian Tumors | 2 | 1 | | | |
| • Gestational Trophoblastic Disease (GTD) | 1 | 1 | | | |

C: Reproductive medicine (75 hours)

| | | | | |
|---|---|---|--|--|
| | | | | |
| • Female Genital Cutting (Mutilation) | 2 | | | |
| • Contraception overview | 3 | | | |
| • Natural family planning | 3 | | | |
| • Barrier methods and spermicides | 3 | | | |
| • Hormonal contraception | 4 | 1 | | |
| • IUDs | 4 | 1 | | |
| • Sterilization | 3 | 1 | | |
| • Infertility overview | 2 | 1 | | |
| • Male factor | 2 | 1 | | |
| • Ovarian factor | 2 | 1 | | |
| • Tubal factor | 2 | 1 | | |
| • Uterine and cervical | 2 | 1 | | |
| • Immunologic factor and peritoneal factor | 2 | 1 | | |
| • Anovulation and ovulation induction | 4 | 1 | | |
| • PCOS | 2 | 1 | | |
| • Hyperprolactinemia | 2 | 1 | | |
| • Defects of corpus luteum | 2 | 1 | | |
| • Lutenized unruptured follicle | 2 | 1 | | |
| • ART (assisted reproductive technology) overview | 3 | 1 | | |
| • IUI | 1 | 1 | | |
| • IVF | 1 | 1 | | |
| • IVF, ICSI | 2 | 1 | | |
| • Laparoscopy | 1 | 2 | | |
| • Hysteroscopy | 1 | 2 | | |

Clinical and Office Procedures

Section (II) : Clinical and office procedures

A – Obstetrics : (42 hours)

I – Medical disorders with pregnancy (20 hours) (40 cases)

1 – Diabetes mellitus with pregnancy : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 – Hypertensive disorders with pregnancy : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

3 – Heart diseases with pregnancy : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

4 – Renal diseases and urinary tract problems with pregnancy : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

5 – Hematological disorders with pregnancy : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

6 – Vomiting with pregnancy : (2 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

7 – Connective tissue disorders with pregnancy : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

8 – Endocrinal problems with pregnancy : (2 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

9 – Rhesus isoimmunization : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

II – Obstetric hemorrhage : (6 Hours) (12 cases)

1 – Bleeding in early pregnancy : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 - Bleeding in late pregnancy (Antepartum hemorrhage): (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

III – Fetal abnormalities (4 hours) : (8 cases)

1 – Intrauterine growth restriction : (2 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

2 – Intrauterine fetal death : (1 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

3 – Congenital fetal malformation : (1 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

4 – Cases of decreased fetal kicks for further assessment : (2 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

5 – Malpresentations (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

IV – Comman obstetric problems (5 hours) : (10 cases)

1 – Multiple pregnancy (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

2 – Premature rupture of membranes : (3 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

3 – Preterm labor : (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

4 – Abnormalities of amniotic fluid (Poly and Oligohydramnios) : (3 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

V – Others (2 hours) : (4 cases)

1 – Recurrent early pregnancy loss or bad obstetric history for differential diagnosis : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

VI – U / S in Obstetrics (4 hours) : (10 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

B – Gynecology : (48 hours)

I – Infertility (10 hours) : (20 cases) including patients with ovarian factor, tubal factor and endometriosis)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

II – Contraception (8 hours) : (16 cases)

1 – Counseling for the method : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 – I . U . D application : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

3 – Implant insertion : (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

4 – Implant removal : (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

III – Genital prolapse (3 hours) : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

IV – Urinary incontinence (1 hour) : (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

V – Oncology (10 hours) : (20 cases)

1 – Pelviabdominal mass for differential diagnosis (including fibroids) : (6 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 – Vulvar carcinoma : (2 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |

3 – Cervical carcinoma : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

4 – Ovarian carcinoma : (5 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

5 – Gestational trophoblastic diseases : (3 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|------|---------|-----------------|-----------|-------------------|--------------------|-------------------|
| | | | | | | |
| | | | | | | |

VI – Clinical endocrinology (10 hours) : (20 cases)

1 – Intersex : (1 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |

2 – Hirsutism : (4 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |
| | | | | | | |

3 – Abnormal puberty : (2 case)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |

4 – Amenorrhea for differential diagnosis (1 ry or 2 ry) : (3 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |
| | | | | | | |

5 – Abnormal uterine bleeding : (10 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

VII – Infections (3 hours) : (6 cases) including smear collection, colposcopy and their interpretation

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

VIII – U / S in Gynecology (3 hours) : (8 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

Operative

Section (III) : Operative (75 cases , 2 hours for each)

A – Obstetrics :

1 – Normal vaginal deliveries : (15 cases, 5 at least with episiotomy)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 – Operative vaginal deliveries (2 cases , 1 ventouse)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

3 – C / S (15 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|-------------|-----------------|------------------------|------------------|----------------|--------------------------------------|--------------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

4 – Supravaginal hysterectomy : (2 cases)

| Date | Pt name | Hospital number | Diagnosis | Supervisor's name | Supervisor's title | Supervisor's sign |
|-------------|----------------|------------------------|------------------|--------------------------|---------------------------|--------------------------|
| | | | | | | |
| | | | | | | |

5 – Internal iliac artery ligation : (1 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |

6 – Laparotomy for ectopic pregnancy : (2 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

7 - Laparotomy for complicated ovarian cyst : (1 case)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |

8 - Evacuation & Curettage : (4 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

9 – Vaginal cerclage : (2 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

B – Gynecology :

a – Minor operations :

1 – Dilatation & Curettage : (6 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 – Excision of a vulval or vaginal cyst : (2 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

3 – Classical repair : (2 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

b – Major operations :

1- Abdominal hysterectomy : (5 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |

| | | | | | | |
|--|--|--|--|--|--|--|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

2 – Vaginal hysterectomy : (2 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

3 – Myomectomy : (4 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |
| | | | | | | |
| | | | | | | |

4 – Ovarian cystectomy : (2 cases)

| Date | Pt. name | Hospital number | Diagnosis | Surgeon | Supervisor's name & title | Supervisor's sign |
|------|----------|-----------------|-----------|---------|---------------------------|-------------------|
| | | | | | | |
| | | | | | | |

8 – Oncology :

a – Surgical staging for endometrial cancer : (1 cases)
