the ability to interact and communicate with diverse patient populations. Communicate effectively with physicians and other health care professionals to establish efficient multidisciplinary teamwork approach

(3) Course content:

Subjects	Lectures	Hours
Peripheral arterial disease	1	1
Diabetic peripheral neuropathy	1	1
Skin manifestation of diabetes	1	1
Nails affection of diabetes	1	1
Pre-ulcerative lesions	1	1
Diabetic foot infection	2	2
Charcot joint	1	1
Assessment and prevention of diabetic foot complication	2	2
Assessment of diabetic foot ulcer	1	1
Management of diabetic foot ulcer	2	2
DF clinic attendance	2	2
Total teaching hours	15	15

(4) Teaching methods:

4.1: Lectures

4.2: Power point presentation

4.3: Small group discussion with case study and problem solving

(5)Assessment methods.

5.1: Written exam: MCQ

5.2: Oral exam in diabetic foot clinic

Assessment to the total mark:

Written exam: 16 Marks including

Oral exam: 20 Marks

MCQ: 4 Marks

(6)References of the course.

6.1: Course notes (paper and/or electronic)

6.2: Diabetic Foot by Andrew Boulton

6.3: Practical manual of Diabetic Foot care by Michael Edmonds)

(7)Facilities and resources mandatory for course completion.

Lecture halls and data show.

Course coordinator:

Prof Omnia state

Head of the department :
