

COURSE SPECIFICATION

Faculty of Medicine- Mansoura University

(A) Administrative information

(1) Programme offering the course.	Postgraduate degree MSc of Obstetrics and Gynecology
(2) Department offering the programme.	Obstetrics and Gynecology
(3) Department responsible for teaching the course.	Pathology department
(4) Part of the programme.	First part
(5) Date of approval by the Department's council	27/7/2016
(6) Date of last approval of programme specification by Faculty council	2016
(7) Course title.	Pathology of the female genital tract
(8) Course code.	GYN 505
(9) Total teaching hours.	11.25 hours
(10) Credit hours	3/4 hours

(B) Professional information

(1) Course Aims:

To provide the candidates with the basic knowledge about applied pathology related to obstetric gynecology

(2) Intended Learning Outcomes (ILOs):

On successful completion of the course, the candidate will be able to:

A- Knowledge and Understanding

Describe

- A1.** Pathology of benign vulval lesions
- A2.** Pathology of malignant vulval lesions
- A3.** Pathology of benign vaginal lesions
- A4.** Pathology of malignant vaginal lesions
- A5.** Pathology of benign cervical lesions
- A6.** Pathology of malignant cervical lesions
- A7.** Pathology of benign endometrial lesions
- A8.** Pathology of malignant endometrial lesions
- A9.** Pathology of benign myometrial lesions
- A10.** Pathology of malignant myometrial lesions
- A11.** Pathology of benign tubal lesions
- A12.** Pathology of malignant tubal lesions
- A13.** Pathology of benign ovarian lesions
- A14.** Pathology of malignant ovarian lesions
- A15.** Pathology of benign broad ligament lesions
- A16.** Pathology of malignant broad ligament lesions
- A17.** Pathology of breast lesions
- A18.** Gestational trophoblastic tumor
- A19.** Pathology of genital tract infection

B- Intellectual skills

- B1. To integrate basic pathology with clinical care of Obstetrics & Gynecology
- B 2. To analyze and prioritize pathological problems related to Obstetrics & Gynecology.
- B 3. To evaluate pathological information objectively, recognizing its limitations in Obstetrics & Gynecology.
- B 4. To use personal pathological judgment for analytical and critical problem solving in Obstetrics & Gynecology.
- B 5. To construct appropriate management strategies of pathological problems related to Obstetrics & Gynecology.
- B 6. To retrieve relevant and current data from literature, using information technologies and library resources, in order to help solve a clinical problem based on evidence.

(3) Course content.

Subjects	Lectures 1h / week	Clinical	Total Teaching Hours
• Pathology of benign vulval lesions •	3/4		11.25 hours
• Pathology of malignant vulval lesions	3/4		
• Pathology of benign vaginal lesions • Pathology of malignant vaginal lesions	3/4		
• Pathology of benign cervical lesions	3/4		
• Pathology of malignant cervical lesions	3/4		
• Pathology of benign endometrial lesions •	3/4		
• Pathology of malignant endometrial lesions	3/4		
• Pathology of benign myometrial lesions • Pathology of malignant myometrial lesions	3/4		

<ul style="list-style-type: none"> • Pathology of benign tubal lesions • Pathology of malignant tubal lesions 	3/4		
<ul style="list-style-type: none"> • Pathology of benign ovarian lesions 	3/4		
<ul style="list-style-type: none"> • Pathology of malignant ovarian lesions 	3/4		
<ul style="list-style-type: none"> • Pathology of benign broad ligament lesions • Pathology of malignant broad ligament lesions 	3/4		
<ul style="list-style-type: none"> • Pathology of breast lesions 	3/4		
<ul style="list-style-type: none"> • Gestational trophoblastic tumour 	3/4		
<ul style="list-style-type: none"> • Pathology of genital tract infection 	3/4		

(4) Teaching methods:

- **4.1: Lectures**

(5) Assessment methods:

Percentage of each Assessment to the total mark.

Written exam : 80 marks
 MCQ : 40 marks
 Oral exam : 80 marks
