توصيف مقرر دراسي

١ - بيانات المقرر		
4 th level (7 th semester)	Evidence - Based Nursing التمريض المرتكز على الدلائل	اسم المقرر: NSc 703 الرمز الكودي:
1 credit hour 2 credit hours	نظري عملي عدد الساعات الدراسية:	B.Sc. in Nursing credit hour system التخصص:

<p>This course aims to provide students with knowledge and skills that are required in practicing evidence- based practice approach in nursing field. The course focuses on enabling students to be skillful in implementing the four steps evidence- based practice, stating search questions, tracking the evidence, appraising the evidence and applying the evidence.</p>	٢ - هدف المقرر:
٣ - المستهدف من تدريس المقرر :	
<p>A1. Identify concepts, principles and models of evidence-based practice A2. Define the steps of formulating research questions driven from clinical problems A3. Identify the available information sources A4. Define the core of bibliographic database A5. Describe the different levels of evidence A6. Mention the different appraisal tools of retrieved evidence A7. Discuss the different methods used to disseminate and apply evidence-based information A8. Identify discrepancies between standardized and actual practice that may adversely impact patient outcomes.</p>	أ - المعلومات والمفاهيم:

<p>A9. Explain the managing change process and challenges of applying new evidence</p> <p>A10. Discuss the ethical, social, legal, economic, and political implications of practice change on nursing practice decisions</p> <p>A11. Identify the effective strategies to overcome barriers of change</p>	
<p>B1. Synthesize an evidence- based practice project related to a clinical question</p> <p>B2. Correlate between research and the development of evidence based practice for nursing interventions</p> <p>B3. Decide on a nursing intervention based on reviewing available information resources</p> <p>B4. Formulate well defined clinical questions that will yield the most relevant and best Evidence</p> <p>B5. Design a line of inquiry into comprehensive databases in order to utilize available research in the practice of nursing</p> <p>B6. Analyze the efficacy of a study design in relation to the different types of search questions</p> <p>B7. Appraise critically the retrieved evidence by using standardized critical appraisal tools</p> <p>B8. Apply criteria for evaluating the credibility of quantitative and qualitative findings</p> <p>B9. Correlate finding evidence to values and preferences of individual patients/ client, aggregates, and community</p> <p>B10. Decide clinical actions based on their own learning experiences and experts opinions</p> <p>B11. Design a strategy to apply new evidence for improving outcomes or decreasing adverse events</p> <p>B12. Evaluate clinical guidelines applicability in relation to values and</p>	<p>ب- المهارات الذهنية الخاصة بالمقرر:</p>

<p>preferences of individual patients/ client, aggregates, and community</p> <p>B13. Decide on the appropriateness of a clinical guideline to the local health organization culture and available resources</p>	
<p>C1. Write a set of inquires about issues that ensure safe nursing interventions</p> <p>C2. Assess the values and preferences of individual patients/ client, aggregates, and community regarding provided nursing interventions</p> <p>C3. Assess the stated evidence- based decision by the related field experts</p> <p>C5. Access current and relevant data that address practice issue, concerns, problems or questions identified in one's nursing practice</p> <p>C6. Write a conclusion report about the appraised evidence that stated clinical decision</p> <p>C7. Implement a new evidence that solve a problem of nursing activities</p> <p>C8. Assess the organizational culture, allocated resources and facilities</p> <p>C9. Implement the appropriate models for applying/teaching EBP</p>	<p>ج- المهارات المهنية الخاصة بالمقرر:</p>
<p>D1. Identify their own learning needs</p> <p>D2. Decide on a professional situation based on the most valid scientific findings</p> <p>D3. Define different information resources that upgrade their skills of informed decision making</p> <p>D4. Track down the best available information resources effectively</p>	<p>د- المهارات العامة:</p>
<p>Unit I: Introduction to Evidence- Based Practice/ Nursing</p> <ul style="list-style-type: none"> • Concepts, principles and models of Evidence- Based Practice/ Nursing • Importance of Evidence- Based Practice <p>Unit II: The steps of Evidence- Based Practice</p> <ul style="list-style-type: none"> • Formulating answerable question 	<p>٤- محتوى المقرر:</p>

<ul style="list-style-type: none"> • Track down the best evidence • Critically appraise the evidence • Apply the evidence <p>Unit III: Managing change</p>	
<p>1-Interactive Lectures 2- Project- Based learning 3- Facilitated practice at computer and simulated laboratories 4- Facilitated practice in skill field clinical placement</p>	<p>٥- أساليب التعليم والتعلم :</p>
<p>Not applicable</p>	<p>٦- أساليب التعليم والتعلم للطلاب ذوي القدرات المحدودة :</p>
<p>٧- تقويم الطلاب:</p>	
<p>1- Semester summative evaluation that include:</p> <ul style="list-style-type: none"> - Project report - Practical placement evaluation will include <p>B- Semester written examination</p> <p>2- Summative final evaluation that include:</p> <ul style="list-style-type: none"> a- Project- based oral examination b- Practical examination • Objective structure clinical examination (OSCE) c- Written examination 	<p>أ- الأساليب المستخدمة:</p>
<p>1- Semester summative assessment</p>	
<p>a- Semester written examination</p>	<p>7th week</p>
<p>b- Semester activities</p>	
<p>- Practical evaluation</p>	
<p>- Project report</p>	<p>14th week</p>
<p>- Using of electronic database</p>	<p>3rd up to 5th week</p>
<p>-Implementation of the new evidence</p>	<p>10th week</p>
<p>ب- التوقيت:</p>	

- Dissemination methods of the new evidence	11 th week	
2- Final summative assessment		
a- Project- based oral examination	15 th week	
b- Practical examination	15 th week	
c- Final written examination	16 th week	
1- Semester summative evaluation		
a- Semester written examination	30 marks (10%)	
b- Semester activities evaluation	90 marks (30%)	
- Project report	30	
- Using of electronic database	15 marks	
-Implementation of the new evidence	20	ج- توزيع الدرجات:
- Dissemination methods of the new evidence	25	
2- Final summative evaluation		
a- Practical examination	45 marks (15%)	
b- Oral examination	15 marks (5%)	
c- Final summative assessment	120 marks (40 %)	
Total	300 (100%)
