	T 1
This course aims to provide students with the basic concepts, principles and skills	
needed to promote mental health through the life stages as well as to care for the	
mentally ill individuals. In addition to studying of mental, emotional, and	٧ - هدف
behavioral manifestations, as well as applying nursing processes that help in the	المقرر:
providing nursing intervention to improve the mental health of patients in places of	
psychiatric services.	
، تدريس المقرر:	٣- المستهدف من
A1. Recognize the theories, basics & new trends in psychiatric mental health	
nursing	
A2. Recognize the necessary skills for the care of psychiatric patients with different	
psychotic disorders.	
A3 Identify the psychopharmacological agents, its use, side effects and different	
nursing managements.	m1 t t1 t
A4.Discuss the cognitive, affective, and behavioral reactions manifested by patient	أ- المعلومات والمفاهيم:
exhibiting various psychiatric conditions	والمفاهيم:
A5.List of ethical principles & roles of professional practice in psychiatric mental	
health nursing.	
A7. Describe the intervention role of the nurse in management of psychiatric	
patient in different age group.	
A8. Discuss current trends in the treatment of people with mental illness.	

ممان جوده التعليم والاعتماد	— , ,
A9. Discuss the nurse's role in educating clients and families about current	
neuro biologic theories and medication management.	
A10. Identify client responses that indicate treatment effectiveness.	
A11. Integrate the knowledge (evidence) into management of patient(s) care.	
B1. Share in psychiatric problems identification ,solving and behave wisdom in	
urgent situation	
B2. Apply the basics & principles of quality in psychiatric mental health nursing	
practice.	ب- المهارات
B3. assess the knowledge in psychiatric mental health nursing and use it for future	الذهنية
plan	الخاصة
B4. Demonstrate ability to abstract the general idea from cues of a situation	الخاصة بالمقرر:
B5. Use the available data for solving professional problems.	, , , , , , , , , , , , , , , , , , ,
B6- Demonstrating critical thinking in clinical decision- making when planning and	
delivering client care.	
	ج- المهارات المهنية
C1.Manage safety and comfort principles and psychomotor skill competencies	
	بالمقرر:
D1. Use written, electronic and oral communication skills effectively	
D2. Use different resources for collecting information & knowledge.	
D3. Lead & work in a team.	د- المهارات
D4. Demonstrate basic principles of health education and counseling.	العامة:
D5.Manage safety and comfort principles and psychomotor skill competencies	342
with clients with variety of behavioral and emotional disorders.	
E.1 Apply the principles and ethics in dealing with psychiatric patients.	
Chapter I	
1-Nurse-patient relationship	
2-Psychiatric principles	
Chapter I I	٤ – محتوى
Mood disorders	٤- محتوى المقرر:
Schizophrenia	
Suspicious	
Abusive behavior
