Master degree of Woman's Health and Midwifery Nursing

رؤية الكلية

تسعى كلية التمريض – جامعة المنصورة أن تكون إحدى أفضل كليات التمريض محلياً وإقليمياً ودولياً وأن تساهم بفاعلية في الارتقاء بالمنظومة الصحية في مصر.

رسالة الكلية

كلية التمريض – جامعة المنصورة مؤسسة تعليمية وبحثية حكومية تقدم برامج تعليمية في علوم التمريض لتقديم خريج مؤهل علمياً وعملياً وإنتاج بحث علمي ودعم احتياجات المجتمع الصحية.

الأهداف الإستراتيجية للكلية

1. التوسع في البنية التحتية والتجهيزات اللازمة لتحقيق التميز في كافة المجالات
2. تنميه ودعم مهارات القيادات وأعضاء هيئة التدريس ومعاونيهم والجهاز الإداري
3. تنمية الموارد الذاتية للكلية
4. تحديث آليات التقويم الذاتي بهدف التميز وتجديد الاعتماد
5. دعم العملية التعليمية لتخريج كوادر متميزة
6. تطوير برامج الدراسات العليا وجوده الأبحاث العلمية
7. تعظيم دور الكلية في مجال خدمة المجتمع وتنميه البيئة

Master degree of Woman's Health and Midwifery Nursing

رؤية القسم

يسعى قسم تمريض صحة المرأة والتوليد -كلية التمريض-جامعة المنصورة الي ان يكون نموذج للتميز العلمي و العملي بين الاقسام العلمية المختلفة و ان يساهم بفاعلية في الارتقاء بالمنظومة الصحية

رسالة القسم

يسعى قسم تمريض صحة المرأة والتوليد -كلية التمريض-جامعة المنصورة ان يقدم برامج تعليمية في علوم التمريض لتقديم خريج مؤهل علميا وعمليا وسلوكيا مع انتاج بحث علمي يخدم العملية التعليمية و احتياجات المجتمع و متطلبات سوق العمل محليا ودوليا ومنح الطلاب بالمعلومات و المهارات و الاتجاهات الايجابية التي تمكنهم من تقديم رعاية تمريضية للمرأة خلال مراحل العمر المختلفة

Master degree of Woman's Health and Midwifery Nursing

University: Mansoura

Faculty: Nursing

Department: Woman's Health and Midwifery Nursing

Program specification

A-Basic Information

1- **Program Title:** Master of Woman's Health and Midwifery Nursing

2- **Program Type:** (Single)

Department responsible for the program: Woman's Health and Midwifery Nursing

Date of approving the program: 21/2/2013

Date of review and update: 1/4/2019

B- Professional Information

1- Program general objective

This program aims to equip post graduate maternity candidates with knowledge, practice and attitude which enables them to be self developed academically and professionally.

2- Intended learning Outcomes (ILOs)

A- Knowledge and Understanding

At the end of the master of woman's health and midwifery nursing program, each postgraduate student must be able to:-

A1. Explain different theories of women's health and midwifery nursing.

Master degree of Woman's Health and Midwifery Nursing

- A2. Discuss principles of maternity health care.
- A3. Identify new trends in maternity care.
- A4. Identify evidence based guidelines / standards in maternity practice.
- A5. Summarize the effect of applying highly standard professional practices on women health.
- A6. Discuss importance of in-service training program.
- A7. Identify different teaching strategies for maternity nursing staff.

- A9. Identify the best ethical rules of professional practices in maternity.
- A10. Discuss the principles of quality in maternity services.
- A11. Discuss scientific research ethics.

B- Cognitive / Intellectual skills

At the end of MSc of woman's health and midwifery nursing program the postgraduate students must be able to:-

- B1. Analyze approaches in maternity nursing care.
- B2. Recommend protocols for different maternity problems.
- B3. Solve maternity problems using available data.
- B4. Determine the best evidence for high risk maternity problems.
- B5. Create new ideas for women's health problems.
- B6. Follow problem solving approach for maternity problems.

Master degree of Woman's Health and Midwifery Nursing

- B7. Plan a scientific study for women's health problems.
- B8. Assess maternity hazards in health care services.
- B9. Investigate the causes of malpractices in maternity services.
- B10. Plan for performance improvement in maternity system.
- B11. Make professional decisions in maternity context based on available data.

C- Practical and Professional skills

At the end of MSc of woman's health and midwifery nursing program the postgraduate students must be able to:-

- C1. Perform all maternity nursing procedures.
- C2. Apply different new trends in maternity practices.
- C3. Write maternity reports skillfully.
- C4. Evaluate different types of client reports.
- C5. Evaluate existing malpractice based on evidence based guidelines.

D- General and Transferable Skills

At the end of MSc of woman's health and midwifery nursing program the postgraduate students must be able to:-

- D1. Present scientific papers with different point of views.
- D2. Practice verbal and non verbal communication skills in different maternity settings.
- D3. Use information technology in maternity practices.

Master degree of Woman's Health and Midwifery Nursing

- D4. Determine educational and practical needs.
- D5. Follow rules and standards for evaluating performance of others.
- D6. Follow time plan for maternity nursing care.
- D7. Plan for continuous learning.

Graduates Attributes

Graduate of the Master's program in any discipline must be able to:

1. Be Professional in the application of basic strategies and use of various tools of scientific research.
2. Apply the analytical approach in the area of specialty.
3. Apply scientific knowledge and combine it with relevant knowledge related to professional practices.
4. Show awareness of the current problems and new trends in the field of specialty.
5. Determine professional problems and find solutions for it.

6. Courses contents

Attached courses specifications and its contents

7. Program registration requirements

- أن يكون الطالب أو الطالبة حاصل على درجة البكالوريوس في التمريض من إحدى الجامعات المصرية أو على درجة معادلة لها من كلية أو معهد علمي معترف به من المجلس الأعلى للجامعات على أن يكون تقدير الطالب أو الطالبة جيد على الأقل في كل من التقدير العام في الدرجة الجامعية الأولى وفي تقدير مادة التخصص. ويعفى الطلاب الوافدين الراغبين في التسجيل بالدراسات العليا بالكلية من شرط الحصول على تقدير جيد في الدرجة الجامعية الأولى بشرط اجتياز الطالب امتحانات المقررات الدراسية التي يرى القسم المختص إضافتها ويقرها مجلس الكلية لرفع المستوى العلمي للطالب وذلك مقابل الرسوم الدراسية المقررة للطلاب الوافدون.
- أن يكون قد زاول مهنة التمريض مدة لا تقل عن سنة بعد السنة التدريبية (الامتياز) في مستشفى جامعي أو عام أو خاص { ينطبق عليها مواصفات ومعايير وزارة الصحة } أو معهد علمي آخر معترف به من المجلس الأعلى للجامعات.
- يتم القيد لدرجة الماجستير خلال شهر أغسطس من كل عام وتشمل الدراسة مقررات علمية لمدة عامين دراسيين.

8- Rules and Regulation of Completion the Program

1. Satisfactory attendance for all courses and clinical training.
2. The candidate attends the required examinations at the end of each semester.
3. Pass all written examinations.
4. Register for her/his thesis after passing all the first and second term's courses successfully.
5. Submit a protocol for conducting a research project which must take the approval of the Faculty Council after the approval from research nursing council.
6. Discuss her/his thesis in front of judging committee at least after one year from the date of registration with a maximum period of 4 years after passing the third term courses successfully.
7. The candidate is permitted a second chance for passing the examinations in which she/he failed for any semesters courses at the end of the semester.
8. The candidate is permitted to repeat the examination in the courses if he/she failed to pass the previous written examination.

Master degree of Woman's Health and Midwifery Nursing

9. The candidates' success or failure is based on the following criteria of grading system:

- Excellent: *from 85% and more*
- Very Good: *from 75% to less than 85%*
- Good: *from 65% to less than 75%*
- Pass: *from 60% to less than 65%*
- Poor: *from 30% to less than 60%*
- Very Poor: *Less than 30%*

10. The Final grading system is divided into:

- 20% for Preparatory courses.
- 40% for specialty courses.
- 40% for Thesis.

9- Rules and Methods for student's evaluation

Master degree of Woman's Health and Midwifery Nursing

٢- هدف المقرر	
This course aims to equip post graduate maternity students with knowledge related to human pathology	
٣- المستهدف من تدريس المقرر	
By the end of the course, the candidate will be able to;	
A.1 Discuss general pathology & its related disciplines.	
A. 2 Describe inflammation repair process.	
A.3 Discuss process of cell injury, accumulations, depositions & diseases of ageing.	
A.4 List immune responses.	
A.5 Recognize pathology of female genital tract development.	
A.6 Mention non-infectious inflammatory disorders of the vulva.	
A.7 Discuss vulvar cysts, neoplasma, and related lesions.	
A.8 Discuss cervical benign and comparing malignant condition	
A.9 Describe normal endometrium.	
A.10 Discuss exogenous hormones and their effect on endometrium.	
A.11 Explain ethical rules when dealing with carcenogenic endometrial
