

The tenth scientific meeting Alumni Unit

, “Developing awareness of societal issues”.. Monday, February 19, 2024:

Under the patronage of Prof. Dr. Sherif Khater; President of Mansoura University. and Prof. Dr. Mohamed Abdel Azim; Vice President of the University.. Prof. Dr. Amina Al-Nimr; Dean of the College of Nursing.. Prof. Dr. Wafa Fathi Selim; Vice Dean of the College for Community Service and Environmental Development Affairs...under the supervision of Dr. Amira Abdel Moneim; Director of the Graduate Follow-up Unit at the College of Nursing... and organization of the unit’s members, Dr. Hoda Rady - Dr. Noura Muhammad - Dr. Nesma Mahmoud. The College of Nursing organized a scientific meeting entitled “Developing awareness of societal issues.”

The College of Nursing organized a scientific meeting entitled “Developing awareness of societal issues.” Presented by Dr. Wael Abdel Aziz; Undersecretary of the Ministry of Solidarity in Dakahlia... His Excellency stressed the importance of the issue of awareness, which is one of the main dimensions of investing in people to achieve developmental social change and aspects of sustainable development, and thus it is considered a fundamental axis for achieving development, and that most scientific research in the fields of sustainable development has confirmed that weak awareness and distortion by false ideas Negative trends are among the most important challenges threatening the Egyptian state. He also referred to what the Ministry of Social Solidarity has done in implementing the “Awareness” program as one of the Ministry’s programmes, which aims to change negative societal behaviors that hinder development processes.

Dr. Muhammad Hussein Ibrahim spoke; The Director General of Da’wah at the Endowments Directorate in Dakahlia about raising awareness among young people, especially those working in the field of nursing... and the role that male and

female nurses provide to patients, which is considered one of the greatest works of goodness because it is a service to mankind and mankind is the greatest of God's creatures... and religious texts call for developing awareness of societal issues. This is indicated by the saying God Almighty "Indeed, in that are signs for a people who reason." "Indeed, in that are signs for a people who reflect." The religious issue is one of the most important and dangerous issues related to youth issues. In conclusion, a dialogue session was held and the door was opened for discussion and responses to inquiries. Thanks were given to all the gentlemen attending from the various sectors of Dakahlia Governorate and the gentlemen attending from faculty members, students, graduates and the nursing staff.
