

MARWA SALAHELDIN OTHMAN ZAGHLOUL

Lecturer at pharmacology and toxicology department
Faculty of pharmacy
Mansoura University
Egypt

EDUCATION

Ph.D. 2017	Pharmacology and Toxicology Faculty of Pharmacy, Mansoura University, Egypt - Supervisors: Prof. Hatem A. Salem, Prof. Ghada M. Suddek, Dr. Eman Said. - Thesis title: Evaluation of the Ameliorative Potential of Certain Compounds against Lung Inflammation and Vascular Dysfunction during Pulmonary Fibrosis in Rats.
M.Sc. 2013	Pharmacology and Toxicology Faculty of Pharmacy, Mansoura University, Egypt - Supervisors: Prof. Nariman M. Gameil, Prof. Hassan A. El-Kashef, Prof. Manar A. Nader. - Thesis title: Effect of Nitric Oxide Modulators on Endothelial Dysfunction. An Experimental Study.
B.Sc. 2010	Pharmaceutical sciences (Excellent with Honors) Faculty of Pharmacy, Mansoura University, Egypt

CAREER RANKS

Lecturer (9/2017 - till now)	Pharmacology and Toxicology department Faculty of pharmacy, Mansoura University, Egypt
Assistant lecturer (12/2013 - 9/2017)	Pharmacology and Toxicology department Faculty of pharmacy, Mansoura University, Egypt
Demonstrator (11/2010 – 12/2013)	Pharmacology and Toxicology department Faculty of pharmacy, Mansoura University, Egypt

TEACHING EXPERIENCES

November 2010 – September 2017	Pharmacology practical lab courses. Toxicology practical lab courses. Bioassay practical lab courses. Pharmacology and Toxicology department, Faculty of pharmacy, Mansoura University, Egypt
September 2017- Till now	Pharmacoeconomics Biostatistics Bioassay (Care and Use of experimental animals) Basic and Clinical Toxicology Molecular Toxicology I Pharmacology and Toxicology department, Faculty of pharmacy, Mansoura University, Egypt

Research Interest

Interest - Studying the possible ameliorative potential of different drugs on chronic lung injury.

PUBLICATIONS

Flavocoxid Improves Bleomycin-Induced Respiratory Dysfunction and Pulmonary Fibrosis; In vitro Study. **World Journal of pharmaceutical sciences.** 2017 August;5(4). (http://www.wjpsonline.org/view_issue.php?title=Flavocoxid-Improves-Bleomycin-Induced-Respiratory-Dysfunction-and-Pulmonary-Fibrosis-In-vitro-Study).

Training Courses

Capacity Development Programs for Faculty Members and Leaders (University Development Center, Mansoura University, Egypt):

- Scientific Publication Course (January 2012).
- Ethics of Scientific Research Course (April 2012).
- Quality Standards in the Teaching Process (October 2012).
- Time and Meeting Management (January 2013).
- Communication Skills in Various Education Patterns (June 2013).
- Profession Behaviors (July 2013).
- Effective Presentation (January 2016).
- Legal and Financial Aspects in University Works (February 2016).
- Use of Technology in Teaching (May 2016)
- Strategic Planning (August 2016)
- Organization Scientific Conferences (August 2016)
- Scientific Research Motives and Universities Classification Methods (November 2016)
- University Teacher Preparing Course (February 2017)

Conferences and Conference Awards

Marwa S. Zaghoul, Ramy A. Abdel-Salam, Eman Said, Ghada M. Suddek, Hatem A. Salem. Flavocixid Ameliorates Bleomycin-Induced Pulmonary Fibrosis in Rats. **Poster** at 1st international conference of pharmaceutical sciences MU-PHARM, Egypt. (April 9-11, 2017).

Awarded as **first place poster presentation**.

6th scientific conference for pharmacy students, Mansoura University, Egypt. (April 2018) (**Judgment** committee member).
