The word of Mrs. Prof. Nahed Mahmoud Abdel-Aziz El-Enany

Dean of the College

My sons and daughters are college students

The Faculty of Pharmacy - Mansoura University - is one of the most promising faculties of pharmacy at the local and regional level, making it a full partner in developing the health system in order to achieve a more effective health service for the Egyptian citizen.

Perhaps what the world is witnessing now is a rapid development in the field of pharmacy education and the multiplicity of fields of activities related to the drug and patient industry and student activities at the universities level. It is imperative for the faculties of pharmacy, including the Faculty of Pharmacy at Mansoura University, to keep abreast of this rapid progress to meet the changing needs of society

Therefore, we are constantly developing curricula and study plans and practicing all student activities as they have a fundamental role in satisfying students' inclinations and desires, gaining new experiences and skills, and raising the physical, intellectual, and emotional level of them.

Hence, the College Student Care Department drew up its policy and plan, which mainly focuses on developing student capabilities and encouraging them to practice student activities.

I hope to God the Hearer, the Knower, the best of luck to all of our students, college students, through fruitful and continuous cooperation with the college administration and the Student Welfare Department to practice all activities.

Always keep four things which are perfecting work - spreading the spirit of cooperation - God fearing - and love what you do in order to do what you love

Peace, mercy and blessings of God

The word of Mrs. Prof. Rasha Mohamed Fathy Barwa

Vice Dean for Education and Student Affairs

Since its inception, the Faculty of Pharmacy, Mansoura University, has been concerned with student activity in all its forms and forms, fully convinced of its role in providing a distinguished graduate in all scientific, cultural, physical and leadership fields.

Where student activities inside and outside the university play a major role in preparing young people for the scientific life after graduation, by acquiring various skills by participating effectively in practicing non-academic activities during university years, and these passages contribute to the maturity of the personality and increase their knowledge of the world outside the walls of the university, so the student can deal easily With the components of society, these activities vary between sporting, artistic, cultural, scientific, social, and mobile activities, camps, excursions, etc. The contribution to the activities established during the university years of study carries two positive aspects for the student and society in a practical way, and the second develops skills The student in social communication, which makes engaging in activities held on campus, a necessity for any student because it reflects on building his academic and social personality

Believing in the importance of student activities in forming and building the student's personality and developing his capabilities in a way that benefits him and his benefit, we were obligated to take care of students in the college to do their best in providing their services and giving, hence the diversity in student activities to meet the needs of students

With my sincere wishes for more success and progress, and the fulfillment of your hopes and aspirations to raise the status of our dear Egypt.

Peace, mercy and blessings of God

Thanks and appreciation

We are pleased and honored to offer our college administration our humble effort and what has been accomplished during the 2014/2015 academic year. What has been accomplished in all activities is the product of effort and cooperation between us and students and under the guidance

-Prof. Dr. / Dean of the College
