Invitation

You are warmly invited to participate in the 15th International Conference on Chemistry and Its Role in Development (ICCRD'15), to be held at **Mansoura University-Hurghada, Egypt, June 7-12, 2021.**

We have been fortunate to get outstanding scientists from industry, universities and research institutes to highlight recent progress in the different aspects of chemistry as plenary lectures, oral or posters presentation dealing with ongoing research. We cordially welcome you to experience all these and have an informative and enjoyable time in Egypt. More details will be provided in the second announcement.

Scientific Program

Call for papers

Abstract for posters and oral presentations must be submitted electronically through the e-mail. A template, to which all abstracts must confirm, is available at the website

(<https://drive.google.com/file/d/1JjFSkRFDBiuYG79cm89v7hUtqupq-WYc/view?usp=sharing>)

Conference Topics

Plenary lectures, oral and poster sessions are planned on the following topics:

Session A: Analytical & Inorganic Chemistry

Topics will include:

- Air and Water Pollution
- Chromatography
- Coordination Chemistry
- Bioinorganic Chemistry
- Solid – State Chemistry
- Nano Sciences
- Pre-concentration and Separation

Session B: Physical Chemistry

Topics will include:

- Computational Chemistry
- Corrosion Science
- Catalysis and Surface Chemistry
- Electrochemistry
- Fuel Cells Technology
- Kinetics and Thermodynamic
- Spectroscopy
- Nano-catalysis

Session C: Organic Chemistry

Topics will include:

- Chemistry of Dyes
- Heterocyclic Chemistry
- Chemistry of Natural Products
- Organic Synthesis
- Organometallic Chemistry
- Physical Organic Chemistry

Session D: Applied Chemistry

Topics will include:

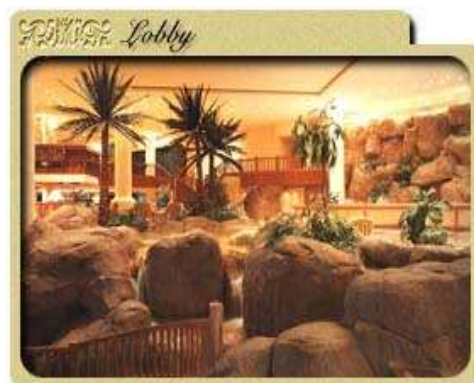

- Fuel Chemistry
- Industrial and Engineering
- Petroleum Chemistry
- Chemistry of Polymer
- Radiation Chemistry
- Nanotechnology

Session E: Biochemistry

Topics will include:

- Agricultural Chemistry
- Biochemistry
- Chemical Health and Safety
- Cosmetic and Pharmaceutical Chemistry
- Enzymology
- Cancer Biology
- Molecular Biology
- Food Chemistry
- Immunochemistry
- Medicinal Chemistry
- Microbial and Biochemical Technology

For General information

Registration Fees[∞]

Egyptian

University staff members ^{*,**}	Postgraduate [*]	Accompanying persons#	Online
4000 L.E.	2000 L.E.	1800 L.E.	500 L.E.

Instructions for authors

Submissions should reach ICCRD no later than May 15 2021. One-page abstract of oral or poster contributions must be submitted in electronic form *via* e-mail to iccrd@mans.edu.eg. The submitted abstract will be reviewed and the authors will be notified.

The author is required to provide the following information:

- Title of the paper
- Presenting authors data: postal address, phone and e-mail
- Corresponding author data: postal address, phone and e-mail
- Symposium session that you will submit your paper

Transportation

From outside Egypt

There are many international direct airlines to Hurghada international airport.

From Cairo

Buses, Limousine cars as well as domestic flights are available.

Conference Language

English is the official language of the plenary lectures, papers and posters.

Climate

Hurghada has a hot and dry weather. However, there are significant differences in temperature between day and night, with a temperature in the range 26-36°C during June.

Mansoura

Mansoura is one of the biggest cities in the middle of delta of Egypt but receives very few tourists. It has a good reputation university and advanced medical Centers.

Among the historic sights of the town, the most famous is the museum of [Dar Ibn Lockman](#), the house where Louis IX, King of France, was captured and imprisoned in the seventh Crusade.

Snorkeling and Diving

Hurghada is a beach resort town stretching some 40km along Egypt's Red Sea coast. It's renowned for scuba diving, and has numerous dive shops and schools in its modern Sekalla district. There are many restaurants, bars and nightclubs, while the old town, El Dahar, is home to traditional Egyptian coffee shops and souks. Hurghada's long stretch of sandy beach is lined with resort hotels.

Stunning coral reefs and turquoise waters perfect for windsurfing have made Hurghada, a busy resort town. Within easy reach of the stunning Giftun Islands and the Eastern Arabian Desert, Hurghada has seen enormous amounts of development in the past decade—and yes, it does seem overrun with tourists at times. But it's a relatively easy beach escape for Europeans, and some of the world's best diving and snorkeling sites are just offshore. Walk or catch a cab to explore the old quarter, El Dahar.
