

9th International Scientific Conference

Faculty of Veterinary Medicine - Mansoura University-Egypt In Cooperation
with University of Veterinary Medicine - Hanover - Germany (In Hurghada city)
28-30 september, 2016

Titled

New horizons towards Animal Resources, Aquaculture and poultry

development through the use of modern diagnostic techniques in the field of
diagnosis of disease and fish farming in Egypt and the Middle East

9th International Scientific Conference

Under the patronage of

Prof. Dr/ Ashraf El-Sheih

Minister of Higher Education and State for Scientific Research

Under the leadership of

HE Mr. Minitir/Hassam El-Den Imam

Dakahlia Governor

Prof. Dr/ Mohamed Hassan Kenawy

President of Mansoura University

Prof. Dr/ Ashraf Mohamed Swilam

Vice President for Graduate Studies and Research

President of Conference

Prof. Dr/ Nabil Abu Heakal Sayed Ahmed

Dean of the Faculty of Veterinary Medicine

Chairman of Conference

Prof. Dr/ Gehad Ramadan El-Syed

Vice Dean for Graduate Studies and Research

Coordinators of Conference

Prof. Dr/ Adel El-Tabey Ibrahim

Vice Dean for Community and Environmental Development

Prof. Dr/ Kamel Abo Elazm

Head of the Dept. of Poultry Diseases

Conference Topics

1. Modern techniques of recent molecular biology in the diagnosis of animal and poultry diseases (PCR and ELISA)
2. Health and safety of foods and its role in the transfer of common diseases among animals and humans
3. Prevention and control in human, animals, poultry and fish diseases
4. Modern laboratory and microscopic diagnosis to improve animal health and increase productivity
5. Identify the exported diseases in Egypt and the Middle East
6. Drug residues Hazards & Control
7. The role of Hormones and enzymes in increasing animal fertility and production .
8. Lectures on developments in the field of Veterinary Medicine.
9. General lectures in the field of Veterinary Medicine.
10. It offers vaccines and serums factories.
11. Veterinary clinics offer Hardware & processing laboratories.
12. Offers chemicals used in laboratories.

Objectives of the Conference

1. Encouraging Applied Scientific Research
2. Cooperation between scientific research and community service and activating the role of the college and university sector in the service of the environment
3. Students and graduates veterinarians, researchers, assistants and training on the use Modern diagnostics
4. Shed light on the interest of the state and the university's health and food safety
5. Raise the level of fertility of animals in Egypt and the Middle East
6. Encourage students to participate in scientific research and training and continuing education of Veterinary
7. Put Aquaculture Research Center at the University of Mansoura strategy In Gamasa city

Registration Fees

1. LE 750 :For participant with publication.
2. LE 600 : For participant without publication.
3. \$ 200 : For Arabic & Foreign researchers..
